

**PETITION FOR INDIANA’S ATTORNEY GENERAL**

We the undersigned call for Indiana’s Attorney General to abandon Indiana’s law suit joining 19 other states Attorneys General to invalidate the Affordable Care Act and specifically take away protections for people with pre-existing health conditions.

The sworn duty of our Indiana Attorney General is “to protect the rights, freedoms, and safety you enjoy as a citizen of the Hoosier state.” Causing Hoosiers with pre-existing conditions to lose health insurance coverage will take away rights, lose freedom, and make unsafe the lives of tens of thousands, if not millions.

For the sake of Hoosiers’ lives, please withdraw Indiana from this lawsuit immediately
